

A little about us

Nundah Community Enterprise Co-operative (N.C.E.C.) was formed in 1999 to create sustainable employment and training opportunities for people with Mental Illness, Learning Difficulty or Intellectual Disability. Supporting people with meaningful work

We are a Not-For-Profit Organisation that currently trains and employs 15 people with meaningful work opportunities: Espresso Train Café & Catering and NCEC Parks & Maintenance. We receive no funding (government or otherwise) to do what we do, so thanks for your support!

The people we support have struggled to find their place in the current economic structure. They're keen to work but due to the pace they learn at, employers are often unwilling to support them – seeing their disability as a financial burden for their business. The Social Enterprise approach

We are a 'Social Enterprise' – This means we are as concerned about community growth and social change as we are with making our business work financially. We invite people from all over the community to be involved in this exciting change in social standards... We are making money AND creating lasting changes in culture – what a success story!!

NCEC in the spotlight

Coffee Set Does it Tough - <http://www.disability.qld.gov.au/news-events/news/connect/issue3/difference.html> Publications

The NCEC has published a number of booklets and resources to analyse the work of the NCEC and share our experiences with others interested in the Social Enterprise model.

All our publications can be purchased from the Community Living Association's online store.
